

PRODUCT DATA SHEET

1 Product:

Code: ABM404

Name: Bench Top Meter DO/Temp

2 Features:

- Advance Microprocessor based design
- Rugged ABS housing and splash-proof keyboard.
- Large LCD display for multi-parameter display simultaneously.
- Built-in ATC (Automatic Temperature Compensation).
- Advance Storage / Memory function with USB Connectivity.
- Computer Data Transfer USB Connectivity.
- Magnetic Stirrer with speed control & electrode holder.

3 Specification:

Model	ABM404		
Parameter	DO	O ₂	Temp
Range	0 to 20.00 mg/L	0 to 200.0 %	0 to 110 Deg C
Accuracy	2%	2%	±0.2
Resolution	0.01 mg/L	0.01	0.1 Deg C
Calibration	DO - O ₂ (Air Calibration at 101.7%)		
ATC	Yes (Built-in ATC (Automatic Temperature Compensation))		
Output	USB Connectivity with Windows Computer and Software (Provided)		
Stirrer	Magnetic Stirrer with Speed control & Electrode holder (Provided)		
Sensor*	DO & Temperature sensors included. To measure pH/ORP, order sensor separately.		

4 Packing:

Included	Meter: ABM404	DO Sensor: AMEDOTP	Temp Sensor: AMETEMP
	DO - 0 PPM, DO Electrolyte		
	Magnetic Stirrer: Stirrer with Speed Control and Electrode Holder
