Doc No : TDSWT4040
Date : 01-04-2024
Type : UDAAQ
Product Code : WT4040

PRODUCT DATA SHEET**1 INFORMATION**

Product Code: WT4040

Product Name: Alkaline Phosphate Base Softening Agent

Application: Boiler Treatment

2 DESCRIPTION

UDAAQ 4040 provides a highly effective internal boiler water treatment Programme. It is best chemical softening agent for boiler waters. Product to be used in conjunction with a sludge conditioner and oxygen scavenger.

3 SALIENT FEATURES

Best softening agent

Easy to use and control

Compatible with other chemicals

Not corrosive to feed equipment

Safe to handle

4 ANALYTICAL DATA

Appearance : White color Powder

pH : Alkaline (pH of 5% solution)

Density : N.A.

5 HANDLING INSTRUCTIONS

Keep the container away from direct heat & sunlight. Keep the container closed when not in use. The product should not be swallowed and prolonged contact with the skin should be avoided. Should it come in contact with the eyes, flush with clean, cold water and get medical attention.

6 RECOMMENDED DOSAGE

Prepare about 5% solution by dissolving the product in best quality available water. Feed to the boiler using the system best suited to your application. Use sufficient quantity of UDAAQ 4040 to maintain recommended phosphate residual in the boiler water
