Purified Water Combination Test Kit

SKU: AE106 | Range: 6 Parameters (IP)

Highly purified water is an essential component of bio pharmaceutical industry. It is used as an ingredient in both research procedures and drug formulations and also for general cleaning rinsing etc. In each case the water source must be processed and treated to microbial and chemical contaminants that would otherwise compromise the quality safety efficacy and purity of finished product. Our AE106 - PURIFIED WATER COMBINATION TEST KIT is designed as per the IP limit test for all the parameter.

KEY PRODUCT FEATURES

- Onsite Field Test Kit
- Easy To Follow Procedures
- Based on International Standards (APHA/AWWA/IS)
- Rapid and Accurate and Reliable results
- Available in portable carry case
- Tested and Validated by leading Laboratory
- Economical and long shelf life.
