

PH Industrial Electrode

SKU: AMEPHIGT | Range: 0 - 14 PH With Temp (Thermister)

Measurement accuracy for pH depends on quality and specification of the instruments you use. We have variety of Industrial Electrodes that are used in Process Industries for monitoring and control of pH. These electrodes have compact design with single chamber weatherproof Case for insertion or flow through installation.

KEY PRODUCT FEATURES

- Reliable and Accurate and Quick Response
- Available with Built In Temperature Sensor
- High Performance PVC / Teflon Housing
- Works for high temperatures (110 DegC)
- Convenient installation with Flow-through Design

TECHNICAL SPECIFICATIONS

| | |
|------------------------|----------------|
| Model | AMEPHIGT |
| Range | 0 to 14 |
| Built in Temp. Sensor | 30K Thermistor |
| Operating Temperature | Upto 100 Deg C |
| Body Material | PVC |
| Process Connection | 3/4" |
| Meter Connection | BNC |
| Dimensions? (D x H) mm | 28 x 165 |
| Cable Length | 5M |
