

Food Grade RO Antiscalant

SKU: WTRD301(20) | Range: 20 Kg Pack - For Moderate TDS & Silica (Alkaline)

Performance of a R.O. system gets hampered due to impurities that build up on the membrane surface during operations. Suspended solids microorganisms and mineral scale can foul membrane elements and cause loss in output and/or rejection levels and reduce total system performance. Use of our NSF certified WTRD301 - FOOD GRADE RO ANTISCALANT HIGH PH for Moderate TDS and Silica RO Plant helps to reduce these deposits impurities and scaling. Regular use of our RO Treatment Chemicals help in increase of total system performance and increase the membrane life.

KEY PRODUCT FEATURES

- Food Grade RO Water Treatment
- NSF Certified for Drinking Water RO Treatment
- Environment-friendly and Non-Toxic RO Treatment
- Economical and Ready to use in 5/20 KG Pack
- High Chemical Stability with Enhanced Inhibition
- Easy to handle with Rapid Action for Instant solution
- Complete RO Plant Protection to Enhance life

TECHNICAL SPECIFICATIONS

Form: Liquid

Packing: 5KG / 20KG HEDP Polycan

HSN: 38249022
