

Bench Top ORP Meter

SKU: ABPH01(ORP) | Range: ± 1999 MV

We have specially developed an accurate high performance and multipurpose meter for detailed analyses for ORP in industries. These meters measure temperature and are available with built in stirrer which enhances the measuring performance and provides highly accurate readings. The meters has a multi parameter option i.e. same meter can analyse pH by just connecting an pH electrode. Understanding the need of a multi parameter meter for laboratory use we have designed a compact spill proof & high performance ABPH01(ORP) - BENCH TOP ORP METER
