PH Test Kit

SKU: AE306 | Range: PH 4 - 10

pH is the standard measure of how acidic or alkaline a solution is. It is a measure of the hydrogen ion concentration in solution. Ph is important because chemical processes take place when water has a certain ph. A ph indicator giving different colors at different ph is a simple and reliable method to read ph for routine monitoring. Our AQUASOL AE306 - PH TEST KIT comprises of a universal indicator giving clear colours which match the colour chart perfectly. An extremely easy to use product it finds usage in almost all processes.
