COD Vials (Pack of 150)

SKU: APCODV22 | Range: 0 - 1500 PPM (150 Vials)

For easy and simple on-site testing of COD (Chemical Oxygen Demand), we have specially designed ready-to-use COD Vials. Our APCODV22 COD Vials are based on digest closed micro reflux COD measurement according to the Standard Method (ISO 15705:2002) and also help meet USEPA standards. It makes the process of COD Testing easier and safer than the traditional open reflux titrimetric method. These vials are of standard size 16MM that is compatible for testing COD in an all-leading COD Meter.

KEY PRODUCT FEATURES

- Standard Vial Size (16MM)
- Complies to ISO and EPA Standard Methods
- Ready to use and Easy and Accurate
- Compatible with meters from all leading brands
- Based on closed micro reflux measurement
